

# JC010B Axial Load Gauge

The system that more Canmakers trust and use worldwide.

The **Industry standard** just got better - Realtime Graphing!

## Features:

- \* Industry standard testing
- \* Simple to use
- \* Built-in color TFT display
- \* Realtime waveform graphing of Force Vs Time
- \* Automatic can height sensing - no height spacers required
- \* Built-in calibration and diagnostic screens
- \* On-screen data tabulation
- \* RS232 & Ethernet data output
- \* Interfaces to your chosen SPC software package
- \* Excellent serviceability
- \* 250Kg (550lb) Full Scale
- \* Accepts all Beverage Can sizes
- \* Tough steel chassis with hard wearing powder coat finish
- \* Rugged construction for placement on the factory floor
- \* Built to last

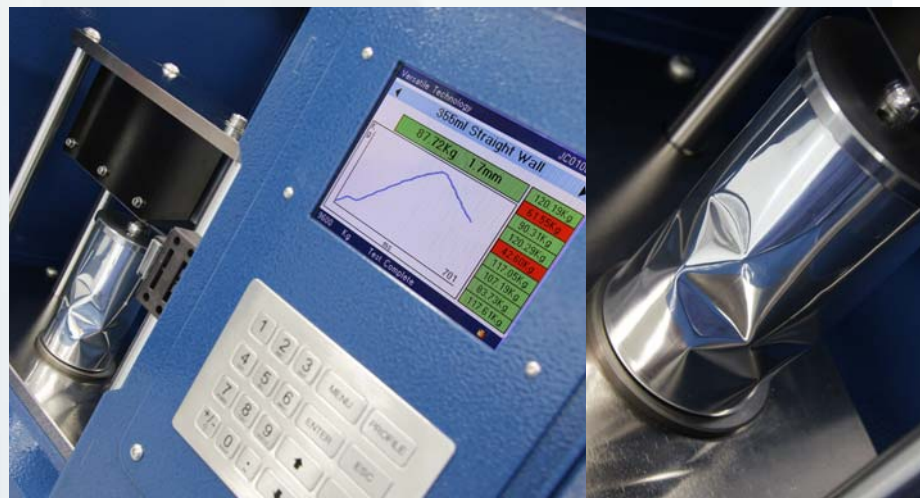

**\*Realtime Graphing**

**Force Versus Time**

**\*Data Tabulation**

**with Out of Specification**

**Tolerancing**
